Theme

The human civilization is now facing a competing situation. If one ignores the latest developments in technology (the most concerned one being Artificial Intelligence) the process of total development may get hampered and if technology is used indiscriminately, that may lead to severe disaster. It is not easy to optimise the competing situation. Siliguri B.Ed. College has taken up the venture to offer a platform for exchanging multi-disciplinary research findings, ideas and opinions on these issues.

Sub-Themes

- The impact of advanced technology on education.
- The role of education in the adaptation of advanced technology.
- The cooperative role of education and advanced technology.
- Multidisciplinary issues in the overlapping area of advanced technology and education.
- Various tools of advanced technology and their beneficial uses in education.
- Technology enabled Library and their new role in education system.
- Or any related theme.
